

Publish in Advances in Clinical and Experimental Medicine!

WHY?

- We have a broad scope and publish papers from all fields of medicine and related sciences;
- Our Impact Factor is 2.1 and steadily rising;
- Our Scopus CiteScore is 3.7 and also steadily rising;
- We publish papers ahead of print [with active DOI] as soon as they are ready – no unnecessary waiting;
- We are indexed in all important databases;
- We offer professional linguistic editing and DTP;
- If you become our reviewer, article processing charge can be waived.

HOW?

Create an account here:

<https://www.editorialsystem.com/acem/preRegister/?email=>

Check our instructions for authors here:

<https://advances.umw.edu.pl/en/instructions-for-authors/>

and submit your paper!

EDITORIALS

We invite experts to submit an editorial to our journal. Editorials published in our journal are meant to promote current and crucial directions of research in experimental and clinical medicine. Such article is published free of charge.
